

DAC 6W – Wall-mount Light Console

DAC 6W is a small light console for controlling of 6 channels over the DMX line or through analogue outputs. The main benefits of this console are very low installation deepness and low power consumption. WAGO connectors for all connection points guarantee easy installation.

- Precision long-lasting 60mm slide potentiometers with dust cover
- 6 channels + master
- 6+1 flash buttons
- DMX output
- Analogue output 0-10V
- LED indication of DMX line
- 15V Power supply

Power supply – Adapter (DMX & Analogue output)

DC 15, 100mA – 200mA, (6x 10mA analogue outputs)

Use the original adapter only!

DMX 512

USITT DMX 512 (1990) output protected with TRANSIL diodes

Temperature of use

-20...+60°C

Housing & dimensions

Steel housing with powder coating

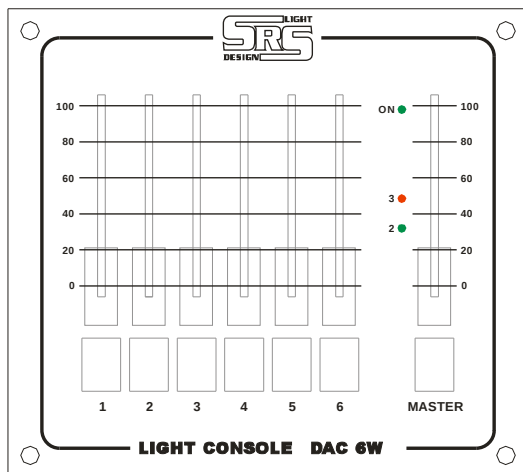

158 x 175 x 25 mm

Weight

0.8 kg

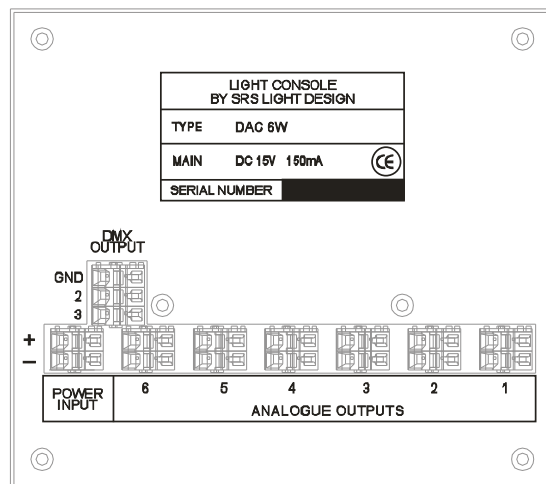

Front panel description

1. Flash buttons
2. Faders
3. DMX output signalization
4. Power indication LEDs

Rear panel description

1. WAGO Power input
2. WAGO analogue output
3. WAGO DMX output
